From Madam President

The club encourages you to sign up early for the trips that we plan. There are quite a few procrastinators out there! You've heard the old saying, "You snooze, you lose." That's what happens when we don't get enough sign ups to hold a condo or fill another houseboat, so we have to cancel one. Then, guess what, all of sudden we have 5 people who want on the trip. We advertise far enough in advance that you can plan it. Don't miss out just because you've waited too long to make that decision. We want you on the trip!

Speaking of trips...we're looking for fun suggestions for events, activities, and trips that you might want to be a part of. You don't have to volunteer to be the trip leader, but it's a great idea. The club is run by volunteers...we need you!

Check out the website for the fantastic photos that our members have taken at all of our social activities/events. It's really easy to add them, so please add yours. We want to see how much fun you've been having!

Lynn Bell, Madam President

PHOTO GALLERIES ON THE CSC WEBSITE A Tip from John Myers ...

On July 7, 2010, I added a photo gallery to the website. I used my same technique and everything proceeded per normal and seemed to have worked out 95%. However, my 19th photo (Captain Ken Porter on his Sea Doo) had a thumbnail at the gallery that wouldn't display. I consulted with our webmaster, Jason Morgan. Jason cautioned against using quotation marks in the text for photos because it drives the software crazy. It then occurred to me that I had used [17"] in the text with Kenny's photo. I went back into my galleries and changed it to [17 inch]. **PROBLEM SOLVED!** It had to do with computer acceptable text rules.

Also, FYI, I have written instructions on adding photos to the CSC Photo Galleries in case anybody needs them. It's a one page WORD doc. I would appreciate seeing more pictures on CSC than on SnapFish, Facebook, Picasas, etc. Prospective members may judge our club by our pictures! Submitted by John Myers.

Editor's Note: You can also visit the home page of our website for a visual tutorial on how to login and create photo galleries. The link "Watch the tutorial" is located in the gray box below the scrolling banner.
