We had so much fun with this last year that we are going to do it again. If you did not come with us last year, you missed a ton of fun. You can bring a cooler of your favorite beverages and challenge your skills and senses.

We are fortunate to have the only place in the entire Midwest that offers Candlepin bowling. What makes this game different from other forms of bowling is the shape of the pins and the size of the balls. The pins stand 15 3/4 inches tall with a taper on both ends giving them the appearance of candles, hence the name candlepins. The balls are 4 1/2 inches with a maximum weight of 2.5 pounds (with no finger holes). The lane is a 60 foot bowling lane.

The game consists of ten frames in which you roll three balls instead of two. All the pins that are knocked down remain where they fall until that frame is completed enabling the bowler to use fallen pins to knock down other standing pins. This creates a whole new game with an endless number of shots.

It will be a party night for sure, so get signed up!
