"Wasted Away Again in Margaritaville"

Well, not quite, but close. The July water ski trip to Norris Lake was a great time had by all!

The Parrot Head Party included delicious mini cheeseburgers, top shelf margaritas and jamming all night to Jimmy Buffet and Bob Marley. Even some of our favorite lake friends stopped by to join the fun!

A big shout out to all the Boat Owners, who provided everyone with fantastic skiing all weekend long!

The social swim was a bit chilly, but didn't stop everyone from having a great time! The party continued Saturday night at Flat Hollow Marina for a night of dancing under the stars!

The trip leaders want to thank all the participants for making this one of the Best Water Ski Trips Ever!!!

We are fortunate to have the only place in the entire Midwest that offers Candlepin bowling. What makes this game different from other forms of bowling is the shape of the pins and the size of the balls. The pins stand 15 3/4 inches tall with a taper on both ends giving them the appearance of candles hence the name candlepins. The balls are 4 1/2 inches with a maximum weight of 2.5 pounds (with no finger holes). The game consists of ten frames in which you roll 3 balls instead of 2 balls. This creates a whole new game with an endless number of shots.

Bariloche & Buenos Aires, Argentina - ski
at Cerro Catedral

Galapagos Islands, Ecuador
Machu Picchu, Peru

In our pursuit of winter, we are headed south this summer to find the second winter of 2010. This trip is going to be part touring and part skiing. Even if you aren't a skier, we promise you a great time in Argentina. Skiers should check out the info on Cerro Catedral and non-skiers should check the info on Bariloche and Buenos Aires.

Cerro Catedral This is one of the Argentina's and South America's main ski centers. It is at 2,388 meters above sea level. It has about 1,200 hectares (3,000 acres) of skiing slopes and has 97 kilometers (60 miles) of ski runs made up over 70 runs for all levels. Together, with the spectacular views it offers of snowcapped peaks and Lake Nahuel Huapi, it has everything the skier could wish for. Cerro Catedral has just finished a massive multi year renovation program, the mountain has doubled its lift capacity and has improved in almost every other area. If you were here even 5 years ago, it is a different place now.

Cerro Catedral is located at 22kms (14 miles) from the city of San Carlos de Bariloche, province of Rio Negro, Argentina. It is a large resort with 38 lifts (2 gondolas, 16 chair lifts, 20 surface lifts) that offers skiers an incredible 1,150 meters (3773 feet) of vertical descent. Of the skiable terrain, 50% of it over 50 pistes with a total length of 120 kilometers (74 miles): 4 green trails, 6 green runs, 25 blue runs, 15 red runs and 10 black runs. Cerro Catedral is best suited for intermediate and advanced skiers/snowboarders but there is also a lot of terrain for beginners and experts too. There is a terrain park at Cerro Catedral for skiers and snowboarders.

Lifts Total capacity: 33 media transporting 22,200 skiers an hour.

When you have reached the top of Cerro Catedral, you will find many different places to have lunch and enjoy the view, since as well as skiing, one can admire the majestic Tronador glacier, look at the huge expanse of Nahuel Huapi lake, see Victoria Island, admire the serenity of Lake Gutiérrez and look at the nearby Mt Otto.

Since we were in the neighborhood...

While we are down in South America, we are going to try to hit as many hot spots as we can. The trip can't be finalized until September/October 2009, so we don't have final pricing yet. Go ahead and blame the airlines. But we do have pricing estimates that include airfare, so you can budget your vacation time and money now.

Argentina – We have two stops – **Buenos Aires** and **Bariloche**. Both cities have a wide variety of activity options. Bariloche is up in the Andes and obviously has skiing. But it is a picturesque mountain city with glorious

views of the Andes and Lake Nahuel Huapi. It has a wide variety of day trips for non-skiers and the city has everything from shopping to spas. Buenos Aires is a European styled city with a huge tourism industry. You will find a wide variety of things to see and do, from guachos (cowboys) to natural wonders like a trip to Iguazu Falls. If enough people are interested, we would like to offer two options, with one being more time in Bariloche and the other being more time in Buenos Aires.

PRE extension, Galapagos Islands – Situated in the Pacific Ocean, these 19 islands and the surrounding marine reserve have been called a unique 'living museum and showcase of evolution'. Located at the confluence of

three ocean currents, the Galápagos are a 'melting pot' of marine species. Ongoing seismic and volcanic activity reflects the processes that formed the islands. These processes, together with the extreme isolation of the islands, led to the development of unusual animal life – such as the land iguana, the giant tortoise and the many types of finch – that inspired Charles Darwin's theory of evolution by natural selection following his visit in 1835.

POST extension, Machu Picchu – It was probably the most amazing urban creation of the Inca

Empire at its height; its giant walls, terraces and ramps seem as if they have been cut naturally in the continuous rock escarpments. The natural setting, on the eastern slopes of the Andes, encompasses the upper Amazon basin with its rich diversity of flora and fauna. Both the Galapagos Islands and Machu Picchu are UNESCO World Heritage sites.

Trip Details

Again, please note that this far out, trip details cannot be finalized. These are estimates of dates and pricing. Ask your club if they accepting sign ups now, or contact Keely Paul, OVSC Summer Trip Director, at cincysurfer@yahoo.com or 513-720-6201 to be included with another OVSC club.

WINTER SKI TRIPS SIGN-UP NIGHT

Volunteer Opportunities

Message from the President . . .

I looked at the Club Calendar and put my hands on top of my head the way people do on Survivor when they've lost all hope and are full of worry. Ski Club has scheduled too many activities - golf, volleyball, water skiing, TGIF's, winter sign ups, etc, etc. I can't possibly manage all these things, I felt overwhelmed.

It only took a moment to remember how volunteers stepped up and ran each and every Club activity that ever happened. That's right, some member said 'I'll do that, or I want to help' and everything turned out just fine.

Our Autumn and Winter activity program has many opportunities for volunteers. One look at the diverse listing and you should find one that seems right for you. First timers often 'learn the ropes' as an Assistant or Novice Trip Leader. Just tell a Board Member or Trip Leader you want to volunteer and you're on the way to meeting new friends, having more fun, and helping Ski Club continue it's offering of Great Activities.

Hope to see you soon at a Trip Table taking sign ups, meeting people & having a great time.

Best wishes,

Jim McGraw

OLD TIMERS NIGHT

The CSC meeting Wednesday, September 16, will be "Old Timer's Night" when all our past members are invited to attend our outdoor meeting for a night of sharing all those great stories of the good old days. Bring some old pictures to share and plan to have a great time recounting some great times. Dan Smith's golf league hackers will be cooking up some good food so come early (7:30) if you want to be sure to get some before it's gone. Please pass this date to all of the past members who you are still in contact with and invite them to come to this meeting. It's sure to be a blast from the past!
